

Our service can help you to...

Who are we?

Hertfordshire Talking Therapies offers psychological help and practical support for people experiencing a wide range of common mental health conditions. It is part of the national NHS Talking Therapies for anxiety and depression initiative.

How can we help?

We offer a range of evidence based psychological therapies, which can help you make sense of your problems by looking at the way you think and react to situations. Through our support, you can learn skills and techniques to help you manage your emotions, helping you feel better and more in control.

Therapy is offered in different ways:

- Telephone support and guided self-help
- Individual CBT (online or in person)
- Workshops and/or group work (online or in person)
- Computerised CBT (SilverCloud))
- Counselling for Depression
- Couple Therapy for Depression
- Dynamic Interpersonal Psychotherapy
- Interpersonal Psychotherapy
- Eye Movement Desensitisation and Reprocessing
